The paper in this report is produced with 100% ECF (Elemental Chlorine Free) ecological pulp which is fully recyclable, biodegradable, pH Neutral, heavy metal absence and acid-free. It is manufactured within a mill which complies with the international environmental ISO 14001 standard.

This report has been printed using an alcohol free process and the printing inks are made from vegetable oil, are non-hazardous and are from renewable sources. Over 90% of solvents and developers are recycled for further use and recycling initiatives are in place for all other waste associated with this production. The printers are FSC and ISO 14001 certified with strict procedures in place to safeguard the environment through all our processes. They have also registered and had audits done by the Carbon Trust to reduce their Carbon Footprint.
