

Sales (excluding pm) – £3,922m

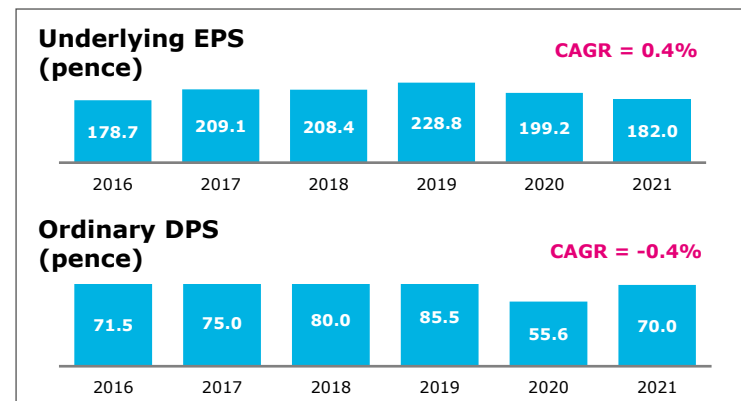

Underlying operating profit – £504m

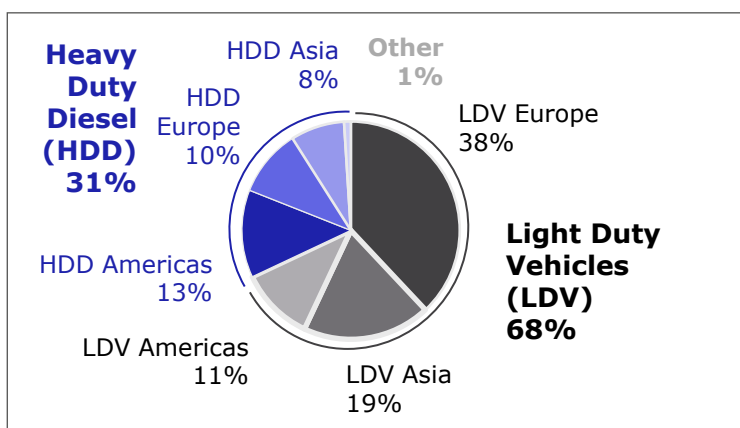

Truly global group with increasing emerging market exposure

Strong bottom line rewards for shareholders

Clean Air

- A global leader providing catalysts to reduce harmful emissions from vehicles
 - **Light Duty Vehicles** - catalysts for cars and other light duty vehicles powered by all fuel types
 - **Heavy Duty Diesel** - catalyst systems for diesel powered trucks and buses and non road machinery
 - **Other** - catalyst systems for stationary equipment
- **Margin: 11.2%**
 - **Return on invested capital: 15.6%**
 - **Employees: 6,289**

Our strategy will deliver:
Medium term profit growth and sustained cash generation to support growth opportunities

Profit growth and sustained cash generation

Efficient Natural Resources

- **Catalyst Technologies** - manufactures speciality catalysts and additives, licenses process technology and delivers services to the chemical and oil & gas industry
 - **PGM Services** - marketing, distribution, refining and recycling of platinum group metals (pgms), fabricates products using precious metals and related materials and manufactures pgm chemicals
 - **Advanced Glass Technologies** - precious metal pastes and enamels primarily for the automotive industry
- **Margin: 25.4%**
 - **Return on invested capital: 25.2%**
 - **Employees: 4,017**

Our strategy will deliver:
Growth driven by decarbonisation and circularity solutions

Medium term growth

Health

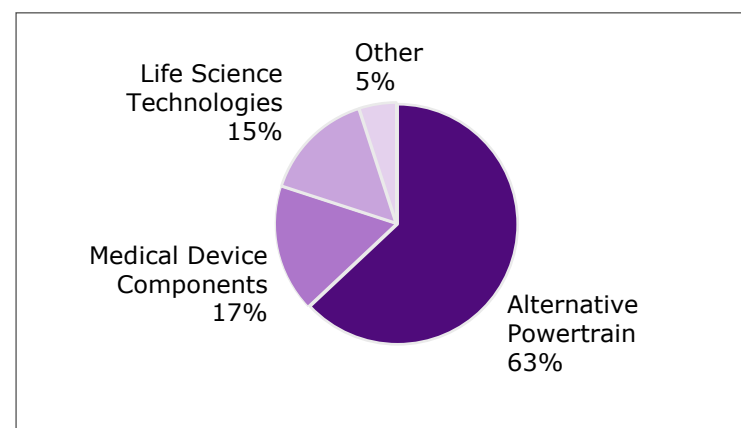

- Develops and manufactures active pharmaceutical ingredients (APIs) for a variety of treatments
 - Operates in the large and growing outsourced small molecule API market
 - Providing solutions to the complex problems of both generic and innovator companies
- **Margin: 13.1%**
 - **Return on invested capital: 6.4%**
 - **Employees: 958**

Our strategy will deliver:
c.£100m additional operating profit from our pipeline of APIs by 2025/26

Break out growth

New Markets

- **Alternative Powertrain** - provides battery materials for automotive applications, battery systems for a range of applications and fuel cell technologies
 - **Medical Device Components** - leverages our science and technology to develop products found in devices used in medical procedures
 - **Life Science Technologies** - provides advanced catalysts and processes to the pharmaceutical and agricultural chemicals markets
- **Margin: 2.5%**
 - **Return on invested capital: 3.4%**
 - **Employees: 2,132**

Our strategy will deliver:
Break out growth driven by exciting, high growth opportunities
